### SLOMŠKOVA NEDELJA

V Sloveniji obhajamo god bl. Antona Martina Slomška 24. septembra, Slomškovo nedeljo pa na nedeljo, ki je po datumu najbližje godovnemu dnevu. To je priložnost za poživljanje njegovega svetniškega lika, njegovo delo ter krepitev njegovega pomena za sodobni čas. Pred beatifikacijo oz. razglasitvijo za blaženega je bil 24. September kot dan Slomškove smrti (1862) dan spodbude in molitve za beatifikacijo, odslej pa za kanonizacijo oz. razglasitev za svetnika.

### FROM THE HOMILY OF THE BEATIFICATION

Living in the middle of the last century, he was perfectly aware of the importance for the nation's future of the intellectual formation of its inhabitants, especially the young. For this reason, he combined pastoral action with commitment to the promotion of culture, which represents a nation's wealth

and is the patrimony of all. Culture is the *soil* from which a people can draw the necessary elements for their growth and development.

Convinced of this, Slomšek worked to open various schools for young people and saw to the publication of books useful for human and spiritual formation. He warned that if young people were corrupted, the fault could often be traced to the lack of adequate formation. Families, schools and the Church, he taught, must join forces in a serious educational programme, each preserving its own area of autonomy, but all taking account of the values they share.

Only with a sound formation can men and women be prepared to build a world that is open to the perennial values of truth and love...

He was concerned for the Slovenian language, called for appropriate social reforms, promoted a higher level of national culture and did all he could to have his people occupy an honourable place in the concert of other European nations. And he did this without ever yielding to sentiments of short-sighted nationalism or selfish opposition to the aspirations of neighbouring peoples.

He is offered to you as a model of true patriotism. His projects left a decisive mark on your people's future and made an important contribution to the achievement of independence... He shows that it is possible to be sincere patriots and with equal sincerity to coexist and cooperate with people of other nationalities, other cultures and other religions. May his example and especially his intercession obtain solidarity and genuine peace for all the peoples of this vast area of Europe.

**»Starši in vzgojitelji; dajte si dopovedati z znamenji časa in spoznajte, da človek, ki je vero izgubil, ne pozna več nobene postave in nobenih mej«.** (Bl. M. Slomšek)
